

Massachusetts Organization of State Engineers & Scientists

Keeping the Commonwealth's air, water, environment, health & infrastructure safe.

PATRICK RUSSELL, PRESIDENT
VICE PRESIDENT

ALLEN BONDESON, SECRETARY
JESSICA LEGER, TREASURER

July 9, 2026

Brownsberger Committee
P.O. Box 182
Boston, MA 02478

Dear Senator Brownsberger,

Congratulations! The Massachusetts Organization of State Engineers and Scientists (MOSES) has voted to endorse your re-election campaign for the Suffolk and Middlesex Senate seat. As you know, MOSES represents over 4,000 dedicated public employees of the Commonwealth who perform vital work at 30 state agencies. Our membership includes but is not limited to construction inspectors and civil engineers at the Massachusetts Department of Transportation (MassDOT), environmental engineers and Hazardous Materials Team members at the Department of Environmental Protection (DEP), regional planners at the Department of Conservation and Recreation (DCR) and Forensic Scientists from the State Police Crime Lab. Regardless of their specific job duties, all our members share a common commitment to enhancing the quality of life in Massachusetts.

MOSES recognizes your commitment to public employees and retirees, and we are proud to endorse and stand with you in your candidacy. We look forward to working with you as you continue to advocate for policies that protect hard working state employees and make the Commonwealth a great place to work and live.

I will be notifying the MOSES membership in the district of this endorsement. Please call our Legislative Committee Chair, Joe Dorant at 617-367-2727 ext 310 to apprise us of opportunities where the MOSES general membership can be helpful to your campaign. Good luck!

Sincerely yours,

Patrick Russell
President
